EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
B.Tech.	Institute of Engineering and Management Kolkata	8.67 (upto 7th Sem)	2022-Present
Senior Secondary	CBSE Board	70.83%	2022
Secondary	ISCE Board	89%	2020

INTERNSHIP AND TRAINING

• Durgapur Steel Plant <i>Industrial Intern</i>	<i>Dec, 2024 - Jan, 2025</i> Durgapur, West Bengal, India
• University of Engineering and Management, Jaipur <i>Solar Training</i>	<i>March, 2025 - March, 2025</i> Rajasthan, India
• West Bengal State Electricity Distribution Company Limited <i>Industrial Training</i>	<i>June, 2025 - June, 2025</i> Kolkata, India

PROJECTS

• AI Textbook Summarizer using JAVA Cloud Console, Duet AI API and Vertex AI <i>completed</i>	<i>March, 2024 - April, 2024</i> Github
– Developed a summarization tool handling books of 500+ pages with 85%+ output accuracy.	
– Enabled on-device NLP processing with 70% reduced latency and tested across 10+ academic resources in 3 domains.	
• Stock Price Prediction using Machine Learning <i>completed</i>	<i>Nov, 2025 - Jan, 2026</i> Github
– Built an end-to-end stock price prediction model using 10 lag-based time-series features and Linear Regression, achieving prediction evaluation through 3 performance metrics (MAE, MSE, RMSE) to quantify forecast accuracy.	
– Developed a 2-layer application architecture (FastAPI backend + HTML/CSS/JavaScript frontend) with 100% API-based prediction flow, version-controlled across multiple commits on GitHub, forming the foundation for future deep learning-based upgrades.	
• Performance Optimization of CIGS Thin-Film Solar Cell <i>completed</i>	<i>Jun, 2025 - Present</i>
– Simulated and optimized CIGS-based thin-film solar cell using SCAPS-1D, achieving 24.06% efficiency (Voc: 1.395 V, Jsc: 19.85 mA/cm ² , FF: 86.85%) through GaO:Al buffer layer engineering and NiO as BSF integration.	

PUBLICATIONS

• Performance Optimization of CIGS Thin-Film Solar Cell Through Alternative Active Layer Materials: Presented in ICPEE-IEEE 2025 Conference organized by KIIT University

CERTIFICATIONS

- **Introducing Robotics Process Automation:** [Certificate](#)
- **Learning Verilog for FPGA Development:** [Certificate](#)
- **Machine Learning Foundations Probability:** [Certificate](#)
- **PLC Industrial Sensors:** [Certificate](#)

POSITIONS OF RESPONSIBILITY

• President , Standards Club, Institute of Engineering and Management	<i>March, 2024 - Present</i>
– Leading the club, organized technical sessions and awareness programmes.	
– Coordinated between Bureau of Indian Standards officials and student volunteers.	
– Organized 15+ events and increased member engagement by 85%.	
• Secretary , IET-IEM On Campus	<i>July, 2025 - Present</i>
– Leading the club, organized technical sessions, hackathons and core projects.	
– Coordinated with Industry Persons and student volunteers.
